

COFFEE TABLE BOOKS

boots creative

The Coffee Table Book is a contemporary alternative to the traditional slip-in photo album and is proving popular because of their capacity to hold hundreds of photos, flexibility of page designs, affordability and value for money.

Boots Creative's point of difference is that each book design is unique for every client. The photography style and elements in the photos give us a 'picture' to bring your personal style to the book design.

Each page is individually designed by our experienced graphic designers to ensure every book is unique – meaning we do not use templates to create our designs. The entire page can be used for photographs, graphics and text to personalise the book.

To guarantee your 100% satisfaction with the design, you get to proof the design and make changes if necessary, before we go to print.

Additional copies are subject to attractive discounts, aimed at making additional copies affordable to give as gifts or be purchased by family and friends as a keepsake.

The Coffee Table Books are available in a range of sizes and a number of page options to allow for hundreds of memories.

There is no limit on number of photographs that can be used in the book, however, the number of pages and size of book will play a part of how many photographs can be used to retain the design integrity of your Coffee Table Book. We roughly work on a guide of 3-6 images per side.

Our designs commonly feature edge to edge images and double page spreads to focus on the important shots (where image size and quality allows) to fit with our contemporary style of design.

All photographs are to be supplied by the client or your photographer. Where the client is supplying the photographs, you must own copyright or have usage rights, or permission from the photographer to reproduce the photographs.

Book Cover Options

PRINTED PHOTO HARDCOVER

The custom designed photo-printed hardcover gives your book that personal touch. Choose between the Gloss Laminate finish for a vibrant look or opt for the Matt Linen Texture for a more subtle sophisticated finish.

GENUINE LEATHER COVER

The leather cover offers timeless elegance. Some slight variations in the textures and colour may occur with natural hides - lending to the uniqueness and authenticity of the product. A selection of colours are available including popular black and brown - please enquire for other colour options. The cover is embossed with the book title in a classic font - select from self embossed, silver foil or gold foil.

FAUX LEATHER COVER

Gives the appearance of genuine leather but it's animal friendly – in fact it's hard to distinguish the difference between the faux and the real thing. A selection of colours are available including popular black and brown - please enquire for other colour options. The cover is embossed with the book title in a classic font - select from self embossed, silver foil or gold foil.

Display Box

A clamshell display box is a great way to store your book when not using it and adds the WOW factor to your book presentation. Clamshell boxes are an optional extra.

GIFT VOUCHERS

Our gift vouchers make the perfect gift and it means the recipient can help create their own beautiful coffee table book, full of their own photos and stories.

Simply visit our website <http://www.thecoffeetablebook.com.au/giftvouchers.html> and place your order online.

Our online voucher orders are securely transacted via PaypalSecure which accepts payment by both credit card and paypal. Once payment has been confirmed, your gift voucher will be sent via your selected delivery method.

To place your order, follow these simple steps:

1. Collect all the digital images you wish to be used in the book. If you have any images in the form of prints, slides or negatives, these will have to be scanned first (your local lab should be able to do this). We recommend sorting the images into separate folders to help us put them in a logical order in the book – for example put relevant years, events or places together etc. For Wedding Books, usually the photo files or proceedings of the day are in a chronological order so sorting images into folders is not necessary.
2. Provide us with any instructions that may help us to design the book. This can include your ideas on design (ie. Contemporary, bright colours etc.), section headings or even captions to go with particular images or series of images (next to the heading or caption, include image numbers for reference). This information can either be provided by email or sent with the images (either in a Word document on the disk or a hand written note).
3. Burn the images and any other files to a CD or DVD.
4. Decide which Coffee Table Book range, Cover option, Book Size, Number of Pages etc., and complete an Order Form which can be downloaded from http://www.thecoffeetablebook.com.au/pdf/bootscreative_orderform.pdf.
5. Please read our Terms and Conditions at <http://www.thecoffeetablebook.com.au/termsandconditions.html>.
6. Send the CD or DVD along with the Order Form and a 50% deposit to the address on the Order Form.

If you are redeeming a Gift Voucher to the full value of your order, no deposit is required. However if the Gift Voucher is only for a portion of the order, we require the 50% deposit less the Gift Voucher Value – ie. If your order totals \$600.00, the 50% deposit required would be \$300, and if the Gift Voucher is for \$100.00, we require a deposit of \$200.00. In the case the Gift Voucher is for 50% or more of the order value then no deposit is required. The Gift Voucher must be presented with the order to be redeemable – failure to supply the Gift Voucher will not be accepted.

That's your part done.

Now it's up to us to create your special book. The design takes roughly 2 weeks, then we will send you a CD/DVD containing artwork of the book for proofing. At this time you will have an opportunity to make changes. After we make the changes, we will send you revised artwork for proofing. You will have two opportunities to make changes, however, if further changes are required, this may incur additional charges. We will provide you with proofing instructions with the artwork. If you are happy with the design, we require an email to confirm your approval of the design to instruct us to proceed with printing and manufacturing the book. On approval of the artwork, we require the balance of the order to be paid and only upon receipt of all monies owing, will we have the book manufactured. Delivery is approximately 2-3 weeks from receipt of the balance payment.

We hope the exercise of collating the images is an enjoyable experience for the whole family and the finished coffee table book will be a treasured family heirloom.

if a picture tells a thousand words,
then a book full of pictures is a novel idea
