**Firstly congratulations!** This is obviously a time for you and your partner to be enjoying a new phase in your relationship and we hope we can do everything to make the album selection process a simple and enjoyable experience.

**Let us get it said “gone are the days of the boring traditional wedding albums!” Combined with our modern albums and edgy designs, you will regret it if you don’t let Boots Creative tell your wedding day story!**

We have a range of flushmounted Wedding Albums with contemporary appeal and variety of cover options available ensuring there is a product to suit every budget, tastes and something you will be proud to display in your home. Our products are manufactured in Australia with quality materials to last a lifetime.

Flushmounted albums are also often referred to as magazine-styled albums which simply means the photos are printed and laminated for protection, and then flushmounted to a 2mm board making them extremely durable before being professionally bound. Pages lay flat when the album is open making them perfect to display one image or a story across a full page spread. Because of the nature and thickness of the pages, this style of album lends itself to display what is referred to as the hero shots from the day. If you are wanting something more along the lines of telling the wedding day story, you might like to consider our Coffee Table Book range [www.thecoffeetablebook.com.au/books.html](http://www.thecoffeetablebook.com.au/books.html).

All albums are uniquely designed by our graphic designers to compliment the photographs and the couple’s style using a variety of full page spreads and various storytelling layouts.

These products are only available through photographers and prices usually start from \$3000+ for a base album however as a freelance design business we have access to the same products and can offer great savings with albums starting from as little as \$795.

Prices include design, basic retouching, colour conversions (including a mix of colour, black & white, spot colouring and other effects), printing, binding and delivery within Australia.

Design takes approximately 2 weeks. We will upload low resolution files to a secure online webpage for proofing at which time you will have an opportunity to make changes. If changes are required, these will be made and artwork will be re-uploaded for final approval. Any further changes will incur additional charges. The finished album will be delivered approximately 3-5 weeks from approval of artwork.

**Payment Terms.** A 50% deposit is required with placement of order and the balance is required on approval of artwork.

If you have any questions, please do not hesitate to contact us or if you would like to proceed with ordering an album, simply contact us with details of which album style, size, number of sides etc. you would like to order and we will send you an invoice with payment options to arrange the deposit. You will also be required to send us a CD/DVD containing either all the images or only the selection you would like used, along with any wording from speeches, songs or poems you would like featured in the album.

## BOOK BOUND ART ALBUM WITH GENUINE LEATHER COVER

Genuine Leather instantly states sophistication, style and quality. A total of 24 colours to choose from.

Cafe, Cedar, Maple, Hermitage, Raven, Coffee, Pewter and Bronze are Aniline leathers. Aniline leather is simply dyed leather without any pigment applied to the surface and natural scarring is far more prevalent, particularly on large albums. The natural blemishes do not affect the leathers durability in any way.

Chilli, Grape, Capsicum, Teatree, Black, Ivory, Navy, Greengage, Chocolate and Port are all corrected grain leathers. Corrected grain leather generally has a full pigmented finish applied to the surface and minimal surface marking giving a uniform appearance.

The Outback Leather range is a full grain leather which has been buffed to produce a soft nap surface. It is very soft and more liable to soiling than full or corrected grain leathers. It is a natural characteristic of this type of leather to vary slightly in colour from hide to hide.

If you are providing photographs supplied by a photographer, you must ensure you have copyright or licensed to reproduce the photographs. Refer to Copyright terms and conditions below.
2. There is no limit on number of photographs used in the book, however, whilst we endeavour to include as many photographs as possible, certain criteria will determine how many photographs can be included to retain the integrity of the design, such as number of pages and size of book.
3. The quality of the images provided will play a major part in determining the end result of the book. Whilst we do prefer images supplied by a Professional Photographer, we will accept images supplied by non-professionals. File sizes should be a minimum of 1MB per file. We do assure you before starting work on the book, we will evaluate the files and advise any concerns and will not print images above the acceptable print size for the file size. However, we do not take any responsibility for images not appearing to your satisfaction. We may do minor manipulation work free of charge ie. adjusting exposure and colour saturation to enhance the printed pages, however, any major manipulation is an additional cost which will be quoted at time of evaluation depending upon work required.
4. To be eligible for discounts on multiple orders, the Coffee Table Book must be an exact replica ie. same design, same size (or smaller) and same format. If any changes need to be made to the book design, this voids the discount offer.
5. All Coffee Table Books come with a custom designed dust-jacket utilising supplied photographs with the exception of books ordered with a Leather Bound Hardcover and Spiral Bound Diaries.
6. A Presentation Box will be supplied with all A3 and A4 books unless stated in writing. Presentation Boxes are not available with A5 books at this time.
7. The Design Process usually takes about one week. We will present the client with a 'preview' PDF on CD for proofing at their leisure, at which time the client will have one opportunity to request changes.. Revisions are to be advised in writing by email. However, we do offer clients within the Brisbane area a one (1) hour consultation should you wish to discuss the revisions in person. Should revisions be required, a final soft proof 'flipbook' will be uploaded to a secure web server for final approval before going to print. Any further revisions come at an additional charge of \$50 per hour plus GST. These measures are taken to guarantee complete satisfaction of your printed Coffee Table Book.
8. Delivery of the finished product will take approximately 15 working days from date of final approval.
9. Payment terms: a 50% non-refundable deposit on placement of order with balance due on approval of book design. No design work will commence until the funds from the deposit has cleared our bank account.
10. After receipt of your deposit, there is no time limit of when you must undertake the design phase of the book. Paying a deposit ahead of placing your order will ensure your Coffee Table Book is scheduled into our workflow and guarantee a priority placing above other orders ensuring you receive your book in the time frame stated in Point 8.
11. All prices include GST.
